I. (U) (~~S//NF~~) RIS Efforts to Influence U.S. Presidential Elections.

(~~S//NF~~) During a recent interview with an identified news organization, the Director of National Intelligence (DNI) stated, "Russia has tried to influence U.S. elections since the 1960s during the Cold War" and "there's a tradition in Russia of interfering with elections, their own and others." The DNI commented that this influence included providing money to particular candidates or providing disinformation. The DNI added that "it shouldn't come as a big shock to people, ... I think it's more dramatic maybe because they have the cyber tools that they can bring to bear in the same effort." [REDACTED]

[REDACTED] In addition, according to an October 7, 2016 *Joint Statement from the Department of Homeland Security and the Office of the Director of National Intelligence on Election Security* (Election Security Joint Statement), the USIC is confident that the Russian Government directed the recent compromises of e-mails from U.S. persons and institutions, including from U.S. political organizations. The Election Security Joint Statement states that the recent disclosures of e-mails on, among others, sites like WikiLeaks are consistent with the methods and motivations of Russian-directed efforts. According to the Election Security Joint Statement, these thefts and disclosures are intended to interfere with the U.S. election process; activity that is not new to Moscow – the Russians have used similar tactics and techniques across Europe and Eurasia, for example, to influence public opinion there. The Election Security Joint Statement states that, based on the scope and sensitivity of these efforts, only Russia's senior-most officials could have authorized these activities.

Not only do foreign powers engage in spying in the United States to obtain information, they also engage in activities which are intended to harm the Nation's security by affecting the course of our Government, the course of public opinion, or the activities of individuals. Such activities may include political action (recruiting, bribery or influencing of public officials to act in favor of the foreign power), disguised propaganda (including the planting of false or misleading articles or stories), and harassment, intimidation, or even assassination of individuals who oppose the foreign power. [REDACTED] a July 2016 article in an identified news organization reported that

Candidate #1's campaign worked behind the scenes to make sure Political Party #1's platform would not call for giving weapons to Ukraine to fight Russian and rebel forces, contradicting the view of almost all Political Party #1's foreign policy leaders in Washington. The article stated that Candidate #1's campaign sought "to make sure that [Political Party #1] would not pledge to give Ukraine the weapons it has been asking for from the United States." Further, an August 2016 article published by an identified news organization characterized Candidate #1 as sounding like a supporter of Ukraine's territorial integrity in September [2015], adopted a "milder" tone regarding Russia's annexation of Crimea. The August 2016 article further reported that Candidate #1 said Candidate #1 might recognize Crimea as Russian territory and lift punitive U.S. sanctions against Russia. The article opined that while the reason for Candidate #1's shift was not clear, Candidate #1's more conciliatory words, which contradict Political Party #1's official platform, follow Candidate #1's recent association with several people sympathetic to Russian influence in Ukraine, including foreign policy advisor Carter Page. IV.(U) (~~S//NF~~) Page's Denial of Cooperation with the Russian Government.

(U) (~~S//NF~~) On or about September 23, 2016, an identified news organization published an article (September 23rd News Article), which was written by the news organization's Chief Investigative Correspondent, alleging that U.S. intelligence officials are investigating Page with respect to suspected efforts by the Russian Government to influence the U.S. Presidential election. According to the September 23rd News Article, U.S. officials received intelligence reports that when Page was in Moscow in July 2016 to deliver the above-noted commencement address at the New Economic School, he met with two senior Russian officials. The September 23rd News Article stated that a "well-placed Western intelligence source" told the news organization that Page met with Igor Sechin, a longtime Putin associate and former

~~TOP SECRET//NOFORN~~

~~TOP SECRET//NOFORN~~

Russian deputy minister who is now the executive chairman of Rosneft. At their alleged meeting, Sechin raised the issue of the lifting of sanctions with Page.

According to the September 23rd News Article, the Western intelligence source also reported that U.S. intelligence agencies received reports that Page met with another top Putin aide - Igor Divyekin, a former Russian security official who now serves as deputy chief for internal policy and is believed by U.S. officials to have responsibility for intelligence collected by Russian agencies about the U.S. election.¹⁸

(U) ~~(S//NF)~~ According to the September 23rd News Article, certain members of Congress were "taken aback" after being briefed on the alleged meetings and viewed the meetings as a possible back channel to the Russians that could undercut U.S. foreign policy. The September 23rd News Article also stated that, following the briefing, the Senate Minority Leader wrote to the FBI Director, and citing the reports

of meetings between an advisor to Candidate #1 [the advisor was unnamed in the letter, but the article indicated that the advisor is Page] and "high ranking sanctioned individuals" [in context, likely a reference to Sechin] in Moscow over the summer as evidence of "significant and disturbing ties" between Candidate #1's campaign and the Kremlin that needed to be investigated by the FBI.

(U) ~~(S//NF)~~ Based on statements in the September 23rd News Article, as well as in other recent articles published by identified news organizations, Candidate #1's campaign repeatedly has made public statements in an attempt to create the appearance of distance between Page and Candidate #1's campaign. For example, the September 23rd News Article noted that Page's precise role in Candidate #1's campaign is unclear. According to the article, a spokesperson for Candidate #1's campaign called Page an "informal foreign advisor" who "does not speak for [Candidate #1] or the campaign." In addition, another spokesperson for Candidate #1's campaign said that Page "has no role" and added "[w]e are not aware of any of his activities, past or present." However, the article stated that the campaign spokesperson did not respond when asked why Candidate #1 had previously described Page as an advisor. In addition, on or about September 25, 2016, an identified news organization published an article that was based primarily on an interview with Candidate #1's current campaign manager (the September 25th News

Article). During the interview, the campaign manager stated, "[Page is] not part of the campaign I'm running." The campaign manager added that Page is not part of Candidate #1's national security or foreign policy briefings since he/she became campaign manager. In response to a question from the interviewer regarding reports that Page has been meeting with Russian officials to essentially attempt to conduct diplomatic negotiations with the Russian Government, the campaign manager responded, "If [Page is] doing that, he's certainly not doing it with the permission or knowledge of the campaign" [REDACTED]

(U) (~~S//NF~~) On or about September 25, 2016, Page sent a letter to the FBI Director. In this letter, Page made reference to the accusations in the September 23rd News Article and denied them. Page stated that the source of the accusations is nothing more than completely false media reports and that he did not meet this year with any sanctioned official in Russia. Page also stated that he would be willing to

discuss any "final" questions the FBI may have.¹⁹

~~(S//NF)~~ Additionally, on or about September 26, 2016, an identified news organization published an article that was based on an interview with Page (September 26th News Article). In the September 26th News Article, Page stated that all of the accusations are complete "garbage" and that he did not meet with Sechin or Divyekin. Page also stated that he would be taking a leave of absence from his work with Candidate #1's campaign because the accusations are a "distraction." [REDACTED]

5. (S) Nature of the Information Sought Through the authorities

requested herein, the United States is seeking foreign intelligence information with respect to the activities of the target described above and detailed further in the certification set forth below. As indicated by the facts set forth herein, the FBI is seeking foreign intelligence information that relates and is necessary to the ability of the United States to protect against clandestine intelligence activities by an intelligence service or network of this foreign power or by agents of this foreign power, and information with respect to a foreign power or foreign territory that relates and is necessary to the national defense, security, and the conduct of the foreign affairs of the United States. These same authorities may also incidentally acquire other foreign intelligence information, as defined by the Act.

(U) The Purpose of the Authorities Requested

(S) The FBI's foreign intelligence goals for this investigation are set forth in the certification of the Executive Branch official contained herein. However, the authorities requested in this application may produce information and material which might, when evaluated by prosecutive authorities, constitute evidence of a violation of United States law, and this investigation may result in an eventual

criminal prosecution of the target. Nevertheless, as discussed in the certification, at

least a significant purpose of this request for [REDACTED]

[REDACTED] is to collect foreign intelligence information as part of the FBI's investigation of this target.

9. (S) Duration of the Authorities Requested (See also, [REDACTED])

The authorities requested should not automatically terminate when foreign intelligence information has first been obtained. Additional information of the same type will be obtained on a continuous basis throughout the entire period requested.

The activities which the United States must identify and monitor are incremental and continuous, and communications relating to such activities are often disguised to appear innocuous. The type of foreign intelligence information being sought and the fact that the activities of this target are ongoing preclude the conclusion that, at a given time, all such information has been obtained and collection can be ended.

Accordingly, the United States requests the authorities specified herein for a period of ninety (90) days.

a former foreign policy advisor to a Candidate for U.S. President (Candidate #1).¹

(U) A. ~~(S//NF)~~ RIS Efforts to Influence U.S. Presidential Elections.

~~(S//NF)~~ During an interview with an identified news organization, the Director of National Intelligence (DNI) stated, "Russia has tried to influence U.S. elections since the 1960s during the Cold War" and "there's a tradition in Russia of interfering with elections, their own and others." The DNI commented that this influence included providing money to particular candidates or providing disinformation. The DNI added that "it shouldn't come as a big shock to people, ... I think it's more dramatic maybe because they have the cyber tools that they can bring to bear in the same effort." [REDACTED]

(S//NF) In or about July 2016, WikiLeaks released a trove of e-mails from the Democratic National Committee (DNC).² [REDACTED]

[REDACTED]

[REDACTED] There has been speculation in the U.S. media that the Russian Government was behind the hack. Russia has publicly denied any involvement in the hack.

b1-1
b3-1
b7A-1
b7E- 1, 2, 3

Russian President Vladimir Putin said in or about September 2016 that Russia was not responsible for the hack, but said that the release of the DNC documents was a net positive: "The important thing is the content that was given to the public."

² (S//NF) According to information on its website, WikiLeaks is a multi-national media organization and associated library. WikiLeaks specializes in the analysis and publication of large datasets of censored or otherwise restricted official materials involving war, spying, and corruption. According to open source information, in or about July 2016, WikiLeaks released thousands of e-mails it says are from the accounts of DNC officials. [REDACTED]

b1-1

b7A-1
b7E-1, 2

 In addition, according to an October 7, 2016 *Joint Statement from the Department of Homeland Security and the Office of the Director of National Intelligence on Election Security* (Election Security Joint Statement), the USIC is confident that the Russian Government directed the recent compromises of e-mails from U.S. persons and institutions, including from U.S. political organizations. The Election Security Joint Statement states that the recent disclosures of e-mails on, among others, sites like WikiLeaks are consistent with the methods and motivations of Russian-directed efforts. According to the Election Security Joint Statement, these thefts and disclosures were intended to interfere with the U.S. election process; activity that is not new to Moscow – the Russians have used similar tactics and techniques across Europe and Eurasia, for example, to influence public opinion there. The Election Security Joint Statement stated that, based on the scope and sensitivity of these efforts, only Russia's senior-most officials could have authorized these activities. More recently, on December 29, 2016, the White House issued a statement that the U.S. President had ordered a number of actions in response to the Russian Government's aggressive harassment of U.S. officials and cyber operations aimed at the U.S. election. According to this December 29th statement, the current U.S. Presidential Administration publicized its assessment in October [2016] that Russia

took actions intended to interfere with the U.S. election process and that these activities could only have been directed by the highest levels of the Russian Government [in context, this is likely a reference to the Election Security Joint Statement].

Not only do foreign powers engage in spying in the United States to obtain information, they also engage in activities which are intended to harm the Nation's security by affecting the course of our Government, the course of public opinion, or the activities of individuals. Such activities may include political action (recruiting, bribery or influencing of public officials to act in favor of the foreign power), disguised propaganda (including the planting of false or misleading articles or stories), and harassment, intimidation, or even assassination of individuals who oppose the foreign power. Such activity can undermine our democratic institutions as well as directly threaten the peace and safety of our citizens.

[REDACTED] a July 2016 article in an identified news organization reported that Candidate #1's campaign worked behind the scenes to make sure Political Party #1's platform would not call for giving weapons to Ukraine to fight Russian and rebel forces, contradicting the view of almost all Political Party #1's foreign policy leaders in Washington. The article stated that Candidate #1's campaign sought "to make

sure that [Political Party #1] would not pledge to give Ukraine the weapons it has been asking for from the United States." Further, an August 2016 article published by an identified news organization, which characterized Candidate #1 as sounding like a supporter of Ukraine's territorial integrity in September [2015], noted that Candidate #1 had recently adopted a "milder" tone regarding Russia's annexation of Crimea. The August 2016 article further reported that Candidate #1 said Candidate #1 might recognize Crimea as Russian territory and lift punitive U.S. sanctions against Russia. The article opined that while the reason for Candidate #1's shift was not clear, Candidate #1's more conciliatory words, which contradict Political Party #1's official platform, follow Candidate #1's recent association with several people sympathetic to Russian influence in Ukraine, including foreign policy advisor Carter

IV. (U) ~~(S//NF)~~ Page's Denial of Cooperation with the Russian Government to Influence the 2016 U.S. Presidential Election.

(U) ~~(S//NF)~~ On or about September 23, 2016, an identified news organization published an article (September 23rd News Article), which was written by the news organization's Chief Investigative Correspondent, alleging that U.S. intelligence officials are investigating Page with respect to suspected efforts by the Russian Government to influence the U.S. Presidential election. According to the September 23rd News Article, U.S. officials received intelligence reports that when Page was in Moscow in July 2016 to deliver the above-noted commencement address at the New Economic School, he met with two senior Russian officials. The September 23rd News Article stated that a "well-placed Western intelligence source" told the news organization that Page met with Igor Sechin, a longtime Putin associate and former Russian deputy minister who is now the executive chairman of Rosneft. At their alleged meeting, Sechin raised the issue of the lifting of sanctions with Page. According to the September 23rd News Article, the Western intelligence source also reported that U.S. intelligence agencies received reports that Page met with another top Putin aide - Igor Divyekin, a former Russian security official who now serves as deputy chief for internal policy and is believed by U.S. officials to have

responsibility for intelligence collected by Russian agencies about the U.S. election.¹⁹

(U) ~~(S//NF)~~ According to the September 23rd News Article, certain members of Congress were "taken aback" after being briefed on the alleged meetings between Page and Russian officials and viewed the meetings as a possible back channel to the Russians that could undercut U.S. foreign policy. The September 23rd News Article

¹⁹ ~~(S)~~ As discussed above, Source #1 was hired by a business associate to conduct research into Candidate #1's ties to Russia. Source #1 provided the results of his research to the business associate, and the FBI assesses that the business associate likely provided this information to the law firm that hired the business associate in the first place. Source #1 told the FBI that he/she only provided this information to the business associate and the FBI.

The FBI does not believe that Source #1 directly provided this information to the identified news organization that published the September 23rd News Article.

(U) ~~(TS//NF)~~ In or about late October 2016, however, after the Director of the FBI sent a letter to the U.S. Congress, which stated that the FBI had learned of new information that might be pertinent to an investigation that the FBI was conducting of Candidate #2, Source #1 told the FBI that he/she was frustrated with this action and believed it would likely influence the 2016 U.S. Presidential election. In response to Source #1's concerns, Source #1 independently, and against the prior admonishment from the FBI to speak only with the FBI on this matter, released the reporting discussed herein to an identified news organization. Although the FBI continues to assess Source #1's reporting is reliable, as noted above, the FBI has suspended its relationship with Source #1 because of this disclosure.

~~TOP SECRET//NOFORN/FISA~~

also stated that, following the briefing, the Senate Minority Leader wrote to the FBI Director, and citing the reports of meetings between an advisor to Candidate #1 [the advisor was unnamed in the letter, but the article indicated that the advisor is Page] and "high ranking sanctioned individuals" [in context, likely a reference to Sechin] in Moscow over the summer as evidence of "significant and disturbing ties" between Candidate #1's campaign and the Kremlin that needed to be investigated by the FBI.

(U) ~~(S//NF)~~ Based on statements in the September 23rd News Article, as well as in other articles published by identified news organizations, Candidate #1's campaign repeatedly made public statements in an attempt to distance Candidate #1's campaign from Page. For example, the September 23rd News Article noted that Page's precise role in Candidate #1's campaign is unclear. According to the article, a spokesperson for Candidate #1's campaign called Page an "informal foreign advisor" who "does not speak for [Candidate #1] or the campaign." In addition, another spokesperson for Candidate #1's campaign said that Page "has no role" and added "[w]e are not aware of any of his activities, past or present." However, the article stated that the campaign spokesperson did not respond when asked why Candidate #1 had previously described Page as an advisor. In addition, on or about September 25, 2016, an identified news organization published an article that was

~~TOP SECRET//NOFORN/FISA~~

based primarily on an interview with Candidate #1's then campaign manager. During the interview, the campaign manager stated, "[Page is] not part of the campaign I'm running." The campaign manager added that Page has not been part of Candidate #1's national security or foreign policy briefings since he/she became campaign manager. In response to a question from the interviewer regarding reports that Page was meeting with Russian officials to essentially attempt to conduct diplomatic negotiations with the Russian Government, the campaign manager responded, "If [Page is] doing that, he's certainly not doing it with the permission or knowledge of the campaign"

(U) ~~(S//NF)~~ On or about September 25, 2016, Page sent a letter to the FBI Director.

In this letter, Page made reference to the accusations in the September 23rd News Article and denied them. Page stated that the source of the accusations was nothing more than completely false media reports and that he did not meet with any sanctioned official in Russia. Page also stated that he would be willing to discuss

any "final" questions the FBI may have.²⁰

~~(S//NF)~~ Additionally, on or about September 26, 2016, an identified news organization published an article that was based on an interview with Page (September 26th News Article). In the September 26th News Article, Page stated that all of the accusations were complete "garbage" and that he did not meet with Sechin or Divyekin. Page also stated that he was taking a leave of absence from his work with Candidate #1's campaign because the accusations were a "distraction."

(U) 5. (S) Nature of the Information Sought Through the authorities requested herein, the United States is seeking foreign intelligence information with respect to the activities of the target described above and detailed further in the certification set forth below. As indicated by the facts set forth herein, the FBI is seeking foreign intelligence information that relates and is necessary to the ability of the United States to protect against clandestine intelligence activities by an intelligence service or network of this foreign power or by agents of this foreign power, and information with respect to a foreign power or foreign territory that relates and is necessary to the national defense, security, and the conduct of the

(U) The Purpose of the Authorities Requested

(S) The FBI's foreign intelligence goals for this investigation are set forth in the certification of the Executive Branch official contained herein. However, the authorities requested in this application may produce information and material which might, when evaluated by prosecutive authorities, constitute evidence of a violation of United States law, and this investigation may result in an eventual criminal prosecution of the target. Nevertheless, as discussed in the certification, at least a significant purpose of this request for [REDACTED]

[REDACTED] is to collect foreign intelligence information as part of the FBI's investigation of this target.

9. (S) Duration of the Authorities Requested (See also, [REDACTED])

b1-1
b3-1
b7A-1
b7E-1, 2, 3, 6

The authorities requested should not automatically terminate when foreign intelligence information has first been obtained. Additional information of the same type will be obtained on a continuous basis throughout the entire period requested.

The activities which the United States must identify and monitor are incremental and continuous, and communications relating to such activities are often disguised to appear innocuous. The type of foreign intelligence information being sought and the fact that the activities of this target are ongoing preclude the conclusion that, at a given time, all such information has been obtained and collection can be ended.

Accordingly, the United States requests the authorities specified herein for a period of ninety (90) days.

~~(S//NF)~~ During a September 2016 interview with an identified news organization, the then Director of National Intelligence (DNI) stated, "Russia has tried to influence U.S. elections since the 1960s during the Cold War" and "there's a tradition in Russia of interfering with elections, their own and others." The then DNI commented that this influence included providing money to particular candidates or providing disinformation. The then DNI added that "it shouldn't come as a big shock to people, ... addition, according to an October 7, 2016 *Joint Statement from the Department of Homeland Security and the Office of the Director of National Intelligence on Election Security* (Election Security Joint Statement), the USIC is confident that the Russian Government directed the recent compromises of e-mails from U.S. persons and institutions, including from U.S. political organizations. The Election Security Joint Statement states that the recent disclosures of e-mails on, among others, sites like WikiLeaks are consistent with the methods and motivations of Russian-directed efforts. According to the Election Security Joint Statement, these thefts and disclosures were intended to interfere with the U.S. election process; activity that is not new to Moscow – the Russians have used similar tactics and techniques across Europe and Eurasia, for example, to influence public opinion there. The Election Security Joint Statement stated that, based on the scope and sensitivity of these efforts, only Russia's senior-most officials could have authorized these activities. More recently, on December 29, 2016, the White House issued a statement that the U.S. President had ordered a number of actions in response to the Russian Government's aggressive harassment of U.S. officials and cyber operations aimed at the U.S. election. According to this December 29th statement, the U.S. Presidential

in Washington. The article stated that Candidate #1's campaign sought "to make sure that [Political Party #1] would not pledge to give Ukraine the weapons it has been asking for from the United States." Further, an August 2016 article published by an identified news organization, which characterized Candidate #1 as sounding like a supporter of Ukraine's territorial integrity in September [2015], noted that Candidate #1 had recently adopted a "milder" tone regarding Russia's annexation of Crimea. The August 2016 article further reported that Candidate #1 said Candidate #1 might recognize Crimea as Russian territory and lift punitive U.S. sanctions against Russia. The article opined that while the reason for Candidate #1's shift was not clear, Candidate #1's more conciliatory words, which contradict Political Party #1's official platform, follow Candidate #1's recent association with several people sympathetic to Russian influence in Ukraine, including foreign policy advisor Carter

~~(U) (S//NF)~~ Page's Denial of Cooperation with the Russian Government to Influence the 2016 U.S. Presidential Election.

(U) ~~(S//NF)~~ On or about September 23, 2016, an identified news organization published an article (September 23rd News Article), which was written by the news organization's Chief Investigative Correspondent, alleging that U.S. intelligence officials are investigating Page with respect to suspected efforts by the Russian Government to influence the U.S. Presidential election. According to the September 23rd News Article, U.S. officials received intelligence reports that when Page was in Moscow in July 2016 to deliver the above-noted commencement address at the New Economic School, he met with two senior Russian officials. The September 23rd News Article stated that a "well-placed Western intelligence source" told the news organization that Page met with Igor Sechin, a longtime Putin associate and former Russian deputy minister who is now the executive chairman of Rosneft. At their alleged meeting, Sechin raised the issue of the lifting of sanctions with Page. According to the September 23rd News Article, the Western intelligence source also reported that U.S. intelligence agencies received reports that Page met with another top Putin aide - Igor Divyekin, a former Russian security official who now serves as

deputy chief for internal policy and is believed by U.S. officials to have responsibility for intelligence collected by Russian agencies about the U.S. election.²⁰

(U) ~~(S//NF)~~ According to the September 23rd News Article, certain members of Congress were "taken aback" after being briefed on the alleged meetings between Page and Russian officials and viewed the meetings as a possible back channel to the Russians that could undercut U.S. foreign policy. The September 23rd News Article

²⁰ ~~(S)~~ As discussed above, Source #1 was hired by a business associate to conduct research into Candidate #1's ties to Russia. Source #1 provided the results of his research to the business associate, and the FBI assesses that the business associate likely provided this information to the law firm that hired the business associate in the first place. [REDACTED] The FBI does not believe that Source #1 directly provided this information to the identified news organization that published the September 23rd News Article.

(U) ~~(TS//NF)~~ In or about late October 2016, however, after the Director of the FBI sent a letter to the U.S. Congress, which stated that the FBI had learned of new information that might be pertinent to an investigation that the FBI was conducting of Candidate #2, Source #1 told the FBI that he/she was frustrated with this action and believed it would likely influence the 2016 U.S. Presidential election. In response to Source #1's concerns, Source #1 independently, and against the prior admonishment from the FBI to speak only with the FBI on this matter, released the reporting discussed herein to an identified news organization. Although the FBI continues to assess Source #1's reporting is reliable, as noted above, the FBI has now closed Source #1 as an active source.

~~TOP SECRET//NOFORN/FISA~~

also stated that, following the briefing, the Senate Minority Leader wrote to the FBI Director, and citing the reports of meetings between an advisor to Candidate #1 [the advisor was unnamed in the letter, but the article indicated that the advisor is Page] and "high ranking sanctioned individuals" [in context, likely a reference to Sechin] in Moscow over the summer as evidence of "significant and disturbing ties" between Candidate #1's campaign and the Kremlin that needed to be investigated by the FBI.

(U) (~~S//XNF~~) Based on statements in the September 23rd News Article, as well as in other articles published by identified news organizations, Candidate #1's campaign repeatedly made public statements in an attempt to distance Candidate #1's campaign from Page. For example, the September 23rd News Article noted that Page's precise role in Candidate #1's campaign is unclear. According to the article, a spokesperson for Candidate #1's campaign called Page an "informal foreign advisor" who "does not speak for [Candidate #1] or the campaign." In addition, another spokesperson for Candidate #1's campaign said that Page "has no role" and added "[w]e are not aware of any of his activities, past or present." However, the article stated that the campaign spokesperson did not respond when asked why Candidate #1 had previously described Page as an advisor. In addition, on or about September 25, 2016, an identified news organization published an article that was

based primarily on an interview with Candidate #1's then campaign manager.

During the interview, the campaign manager stated, "[Page is] not part of the campaign I'm running." The campaign manager added that Page has not been part of Candidate #1's national security or foreign policy briefings since he/she became campaign manager. In response to a question from the interviewer regarding reports that Page was meeting with Russian officials to essentially attempt to conduct diplomatic negotiations with the Russian Government, the campaign manager responded, "If [Page is] doing that, he's certainly not doing it with the permission or knowledge of the campaign . . ."

(U) ~~(S//NF)~~ On or about September 25, 2016, Page sent a letter to the FBI Director. In this letter, Page made reference to the accusations in the September 23rd News Article and denied them. Page stated that the source of the accusations was nothing more than completely false media reports and that he did not meet with any sanctioned official in Russia. Page also stated that he would be willing to discuss

any "final" questions the FBI may have.²¹

(S//XNF) Additionally, on or about September 26, 2016, an identified news organization published an article that was based on an interview with Page (September 26th News Article). In the September 26th News Article, Page stated that all of the accusations were complete "garbage" and that he did not meet with Sechin or Divyekin. Page also stated that he was taking a leave of absence from his work with Candidate #1's campaign because the accusations were a "distraction."

(U) G. (~~S~~//NF) Page's Letter to the U.S. Department of Justice.

(~~S~~//NF) In or around February 2017, Page sent a letter to the U.S.

Department of Justice, Civil Rights Division, Voting Section, urging the review of what Page claimed was "severe election fraud in the form of disinformation, suppression of dissent, hate crimes and other extensive abuses led by members of [Candidate #2's] campaign and their political allies last year." In his letter, Page claims that he has not directly supported a political campaign since September 2016, but continues to be subjected to personal attacks by former members of Candidate #2's campaign based on fictitious information. Page wrote that his academic lecture and related meetings with scholars and business people in Moscow had no connection to the U.S. election. Page attributes the assertions in the September 23rd News Article that Page met with two senior Russian officials

~~TOP SECRET//NOFORN/FISA~~

(i.e., Sechin and Diveykin) while he was in Moscow in July 2016 to give the commencement address at the New Economic School, which Page claims is "false evidence," to Candidate #2's campaign. Page further claims that the information relied on by Candidate #2's campaign, certain members of the U.S. Congress, and the media are lies that were completely fabricated by Candidate #2's paid consultants and private investigators. (U) The Purpose of the Authorities Requested

(S) The FBI's foreign intelligence goals for this investigation are set forth in the certification of the Executive Branch official contained herein. However, the authorities requested in this application may produce information and material which might, when evaluated by prosecutive authorities, constitute evidence of a violation of United States law, and this investigation may result in an eventual criminal prosecution of the target. Nevertheless, as discussed in the certification, at least a significant purpose of this request for [REDACTED] [REDACTED] is to collect foreign intelligence information as part of the FBI's investigation of this target.

9. (S) Duration of the Authorities Requested (See also, [REDACTED])

b1-1
b3-1
b7A-1
b7E-1, 2, 3, 6

The authorities requested should not automatically terminate when foreign intelligence information has first been obtained. Additional information of the same type will be obtained on a continuous basis throughout the entire period requested. The activities which the United States must identify and monitor are incremental and continuous, and communications relating to such activities are often disguised to appear innocuous. The type of foreign intelligence information being sought and the fact that the activities of this target are ongoing preclude the conclusion that, at a given time, all such information has been obtained and collection can be ended. Accordingly, the United States requests the authorities specified herein for a period of ninety (90) days.

II. (U) (~~S~~//~~NOFORN~~) The FBI Believes that the Russian Government Engages in Influence Operations Against the United States.

(U) A. (~~S~~//~~NOFORN~~) RIS Efforts to Influence U.S. Presidential Elections.

(~~S~~//~~NOFORN~~) During a September 2016 interview with an identified news organization, the then Director of National Intelligence (DNI) stated, "Russia has tried to influence U.S. elections since the 1960s during the Cold War" and "there's a tradition in Russia of interfering with elections, their own and others." The then DNI commented that this influence included providing money to particular candidates or providing disinformation. The then DNI added that "it shouldn't come as a big shock to people, ... I think it's more dramatic maybe because they have the cyber tools that they can bring to bear in the same effort." [REDACTED]

addition, according to an October 7, 2016 *Joint Statement from the Department of Homeland Security and the Office of the Director of National Intelligence on Election Security* (Election Security Joint Statement), the USIC is confident that the Russian Government directed the recent compromises of e-mails from U.S. persons and institutions, including from U.S. political organizations. The Election Security Joint Statement states that the recent disclosures of e-mails on, among others, sites like WikiLeaks are consistent with the methods and motivations of Russian-directed efforts. According to the Election Security Joint Statement, these thefts and disclosures were intended to interfere with the U.S. election process; activity that is not new to Moscow – the Russians have used similar tactics and techniques across Europe and Eurasia, for example, to influence public opinion there. The Election Security Joint Statement stated that, based on the scope and sensitivity of these efforts, only Russia's senior-most officials could have authorized these activities. More recently, on December 29, 2016, the White House issued a statement that the U.S. President had ordered a number of actions in response to the Russian Government's aggressive harassment of U.S. officials and cyber operations aimed at the U.S. election. According to this December 29th statement, the U.S. Presidential

Administration publicized its assessment in October [2016] that Russia took actions intended to interfere with the U.S. election process and that these activities could only have been directed by the highest levels of the Russian Government [in context, this is likely a reference to the Election Security Joint Statement].

Not only do foreign powers engage in spying in the United States to obtain information, they also engage in activities which are intended to harm the Nation's security by affecting the course of our Government, the course of public opinion, or the activities of individuals. Such activities may include political action (recruiting, bribery or influencing of public officials to act in favor of the foreign power), disguised propaganda (including the planting of false or misleading articles or stories), and harassment, intimidation, or even assassination of individuals who oppose the foreign power. Such activity can undermine our democratic institutions as well as directly threaten the peace and safety of our citizens.

(U) (S//~~NF~~) In or about January 2015, Podobnyy, along with Evgeny Buryakov and Igor Sporyshev, were charged by a sealed complaint in the U.S. District Court for the Southern District of New York for violations of 18 U.S.C. §§ 371 and 951 (conspiring to act, and acting as, an unregistered agent of a foreign government). According to the complaint, Buryakov worked in the United States as an agent of the SVR. Specifically, Buryakov operated under non-official cover, posing as an employee in the Manhattan office of a Russian bank. Buryakov worked with two other SVR agents, Podobnyy and Sporyshev, to gather intelligence on behalf of

FBI notes that the incident that led the FBI to terminate its relationship with Source #1 occurred after Source #1 provided the reporting that is described herein.

(U) (~~XS//NF~~) Source #1, who now owns a foreign business/financial intelligence firm, was approached by an identified U.S. person, who indicated to Source #1 that a U.S.-based law firm had hired the identified U.S. person to conduct research regarding Candidate #1's ties to Russia (the identified U.S. person and Source #1 have a long-standing business relationship). The identified U.S. person hired Source #1 to conduct this research. The identified U.S. person never advised Source #1 as to the motivation behind the research into Candidate #1's ties to Russia. The FBI speculates that the identified U.S. person was likely looking for information that could be used to discredit Candidate #1's campaign.

(U) (~~XS//NF~~) Source #1 tasked his sub-source(s) to collect the requisite information. After Source #1 received information from the sub-source(s) described herein, Source #1 provided the information to the identified U.S. person who had hired Source #1 and to the FBI. [REDACTED]

[REDACTED] a July 2016 article in an identified news organization reported that Candidate #1's campaign worked behind the scenes to make sure Political Party #1's platform would not call for giving weapons to Ukraine to fight Russian and rebel forces, contradicting the view of almost all Political Party #1's foreign policy leaders in Washington. The article stated that Candidate #1's campaign sought "to make sure that [Political Party #1] would not pledge to give Ukraine the weapons it has been asking for from the United States." Further, an August 2016 article published by an identified news organization, which characterized Candidate #1 as sounding like a supporter of Ukraine's territorial integrity in September [2015], noted that Candidate #1 had recently adopted a "milder" tone regarding Russia's annexation of Crimea. The August 2016 article further reported that Candidate #1 said Candidate #1 might recognize Crimea as Russian territory and lift punitive U.S. sanctions against Russia. The article opined that while the reason for Candidate #1's shift was not clear, Candidate #1's more conciliatory words, which contradict Political Party #1's official platform, follow Candidate #1's recent association with several people

sympathetic to Russian influence in Ukraine, including foreign policy advisor Carter

IV. ^(U) ~~(S//XX)~~ Page's Denial of Cooperation with the Russian Government to Influence the 2016 U.S. Presidential Election.

(U) ~~(S//XX)~~ On or about September 23, 2016, an identified news organization published an article (September 23rd News Article), which was written by the news organization's Chief Investigative Correspondent, alleging that U.S. intelligence officials are investigating Page with respect to suspected efforts by the Russian Government to influence the U.S. Presidential election. According to the September 23rd News Article, U.S. officials received intelligence reports that when Page was in Moscow in July 2016 to deliver the above-noted commencement address at the New Economic School, he met with two senior Russian officials. The September 23rd News Article stated that a "well-placed Western intelligence source" told the news organization that Page met with Igor Sechin, a longtime Putin associate and former

Russian deputy minister who is now the executive chairman of Rosneft. At their alleged meeting, Sechin raised the issue of the lifting of sanctions with Page.

According to the September 23rd News Article, the Western intelligence source also reported that U.S. intelligence agencies received reports that Page met with another top Putin aide - Igor Divyekin, a former Russian security official who now serves as deputy chief for internal policy and is believed by U.S. officials to have responsibility for intelligence collected by Russian agencies about the U.S. election.²²

²² (S) As discussed above, Source #1 was hired by a business associate to conduct research into Candidate #1's ties to Russia. Source #1 provided the results of his research to the business associate, and the FBI assesses that the business associate likely provided this information to the law firm that hired the business associate in the first place. Source #1 told the FBI that he/she only provided this information to the business associate and the FBI.

[REDACTED] The FBI does not believe that Source #1 directly provided this information to the identified news organization that published the September 23rd News Article.

(U) (TS//NF) In or about late October 2016, however, after the FBI Director sent a letter to the U.S. Congress, which stated that the FBI had learned of new information that might be pertinent to an investigation that the FBI was conducting of Candidate #2, Source #1 told the FBI that he/she was frustrated with this action and believed it would likely influence the 2016 U.S. Presidential election. In response to Source #1's concerns, Source #1 independently, and against the prior admonishment from the FBI to speak only with the FBI on this matter, released the reporting discussed

(U) (~~S//NF~~) According to the September 23rd News Article, certain members of Congress were "taken aback" after being briefed on the alleged meetings between Page and Russian officials and viewed the meetings as a possible back channel to the Russians that could undercut U.S. foreign policy. The September 23rd News Article also stated that, following the briefing, the Senate Minority Leader wrote to the FBI Director, and citing the reports of meetings between an advisor to Candidate #1 [the advisor was unnamed in the letter, but the article indicated that the advisor is Page] and "high ranking sanctioned individuals" [in context, likely a reference to Sechin] in Moscow over the summer as evidence of "significant and disturbing ties" between Candidate #1's campaign and the Kremlin that needed to be investigated by the FBI.

(U) (~~S//NF~~) Based on statements in the September 23rd News Article, as well as in other articles published by identified news organizations, Candidate #1's campaign repeatedly made public statements in an attempt to distance Candidate #1's campaign from Page. For example, the September 23rd News Article noted that Page's precise role in Candidate #1's campaign is unclear. According to the article, a spokesperson for Candidate #1's campaign called Page an "informal foreign

advisor" who "does not speak for [Candidate #1] or the campaign." In addition, another spokesperson for Candidate #1's campaign said that Page "has no role" and added "[w]e are not aware of any of his activities, past or present." However, the article stated that the campaign spokesperson did not respond when asked why Candidate #1 had previously described Page as an advisor. In addition, on or about September 25, 2016, an identified news organization published an article that was based primarily on an interview with Candidate #1's then campaign manager. During the interview, the campaign manager stated, "[Page is] not part of the campaign I'm running." The campaign manager added that Page has not been part of Candidate #1's national security or foreign policy briefings since he/she became campaign manager. In response to a question from the interviewer regarding reports that Page was meeting with Russian officials to essentially attempt to conduct diplomatic negotiations with the Russian Government, the campaign manager responded, "If [Page is] doing that, he's certainly not doing it with the permission or knowledge of the campaign . . ."

(U) (~~S~~/~~NF~~) On or about September 25, 2016, Page sent a letter to the FBI Director.

In this letter, Page made reference to the accusations in the September 23rd News Article and denied them. Page stated that the source of the accusations was nothing more than completely false media reports and that he did not meet with any sanctioned official in Russia. Page also stated that he would be willing to discuss any "final" questions the FBI may have.²³

(U)(~~S~~/~~XX~~) Additionally, on or about September 26, 2016, an identified news organization published an article that was based on an interview with Page (September 26th News Article). In the September 26th News Article, Page stated that all of the accusations were complete "garbage" and that he did not meet with Sechin or Divyekin. Page also stated that he was taking a leave of absence from his work with Candidate #1's campaign because the accusations were a "distraction."

(U) G. (~~S//NF~~) Page's Letter to the U.S. Department of Justice.

(~~S//NF~~) In or around February 2017, Page sent a letter to the U.S. Department of Justice, Civil Rights Division, Voting Section, urging the review of what Page claimed was "severe election fraud in the form of disinformation, suppression of dissent, hate crimes and other extensive abuses led by members of [Candidate #2's] campaign and their political allies last year." In his letter, Page claims that he has

~~TOP SECRET//NOFORN/FISA~~

not directly supported a political campaign since September 2016, but continues to be subjected to personal attacks by former members of Candidate #2's campaign based on fictitious information. Page wrote that his academic lecture and related meetings with scholars and business people in Moscow had no connection to the U.S. election. Page attributes the assertions in the September 23rd News Article that Page met with two senior Russian officials (i.e., Sechin and Diveykin) while he was in Moscow in July 2016 to give the commencement address at the New Economic School, which Page claims is "false evidence," to Candidate #2's campaign. Page further claims that the information relied on by Candidate #2's campaign, certain members of the U.S. Congress, and the media are lies that were completely fabricated by Candidate #2's paid consultants and private investigators.

(U) The Purpose of the Authorities Requested

(S) The FBI's foreign intelligence goals for this investigation are set forth in the certification of the Executive Branch official contained herein. However, the authorities requested in this application may produce information and material which might, when evaluated by prosecutive authorities, constitute evidence of a

violation of United States law, and this investigation may result in an eventual criminal prosecution of the target. Nevertheless, as discussed in the certification, at least a significant purpose of this request for [REDACTED] [REDACTED] is to collect foreign intelligence information as part of the FBI's investigation of this target.

9. (S) Duration of the Authorities Requested (See also, [REDACTED])

The authorities requested should not automatically terminate when foreign intelligence information has first been obtained. Additional information of the same type will be obtained on a continuous basis throughout the entire period requested.

b1-1
b3-1
b7A-1
b7E-1, 2, 3, 6

The activities which the United States must identify and monitor are incremental and continuous, and communications relating to such activities are often disguised to appear innocuous. The type of foreign intelligence information being sought and the fact that the activities of this target are ongoing preclude the conclusion that, at a given time, all such information has been obtained and collection can be ended.

Accordingly, the United States requests the authorities specified herein for a period of ninety (90) days.
